

# LION'S TALE

RESURRECTION LUTHERAN SCHOOL

---

ONE ♥ ONE MIND

Dear Families,

The past few weeks have been filled with excitement as we have taken field trips, participated in NCTies, and showcased our amazing talents at the Talent Show. As we begin the last week of Quarter 3, we focus on an important cause: supporting Best Buddies. Best Buddies offers One-to-One Friendship, Integrated Employment, and Leadership Development programs for individuals with and without intellectual and developmental disabilities in North Carolina.

***RLS is an official Best Buddies Chapter.***

The National Junior Honor Society is holding a coin war next week. Every contribution will directly benefit the Best Buddies program. Our 4th grade class will participate in the Best Buddies Friendship walk in April. It's inspiring to see our students actively engaging in activities that promote kindness and encouragement.

Click here for more information about Best Buddies: <https://www.bestbuddies.org/northcarolina/>

**Pennies and bills are "positives." Here's how it works:**

- Containers are located in each classroom
- Each penny or bill counts as positive points for YOUR classroom.
- Each silver coin counts as negative points for OTHER classrooms. In other words, dropping a quarter in another classroom's bucket takes 25 points from their total.

• At the end of the day on March 22nd, all change/points will be tallied and the classroom with the most points will win a **pizza party!**

*Start saving your change—it can make a big difference!*

## Coin War Rules

### Adding Points

Penny +1 point  
\$1 Bill +100 points  
\$5 Bill +500 points  
\$10 Bill +1000 points  
\$20 Bill +2000 points  
Checks plus same as bills

### Subtracting Points

1 nickel -5 points  
1 dime -10 points  
1 quarter -25 points

Blessings,

Robin Hester

# STEM NEWS

## What is NCTies?

NCTIES is a membership association for educators and educator leaders engaged in advancing excellence in learning and teaching through the effective use of technology.

Mrs. Lee, 6th grade Science Teacher, was SUPER excited to announce that our two proposals for NC Ties were accepted for the sixth grade science class. Last year, only a few students that applied were able to participate and they all had a blast. This year she wanted ALL sixth graders to be able to experience the conference and gave it a shot when she applied. She was thrilled when we got in and assigned two teams - one team of eight and one team of nine.

On March 7, 2024 students along with a group of RLS teachers headed for the NC Convention center. where they would spend the next two days learning, presenting and discovering new technologies to enhance the educational environment.

Project Goal for team one: Students will design a floor model of a NASA launch station. They will use OzoBots and code a release from “storage” to their rocket. This OzoBot will reach a mechanism (just in time!) that will launch a slingshot rocket. The goal is to reach the rocket within 10 seconds from storage exit. The students will explain each step of their creation including the design process, materials, how they collaborated and the technology they used throughout the project.

Project Goal for team two: After Artemis' Orion rocket launched and orbited for 25 ½ days, NASA had to retrieve the Artemis Capsule to analyze the data collected. Students will simulate a gentle landing of the capsule (parachutes and capsule built by students) in the “ocean” in order to keep the capsule intact. Then, students will use Sphero Mini's to code and bring the capsule home on a path to NASA headquarters (model of this built by students).

Mrs. Farmer, Mrs. Lee, Mrs. Hancock, Mrs. King, Mrs. Reynik, Mrs. Barnette and Mrs. Hester all attended the conference and brought back many ideas that they have already begun to implement new technology in their classrooms. RLS teachers are the BEST!

# RLS' GOT TALENT

So much gratitude for the planning team, volunteers, parents teachers and gifted performers for a wonderful family event!

An evening to remember!

We are thrilled to invite you to attend the

# *Spring Fling Fundraiser*

This special adult-only event includes a live and silent auction, hors d'oeuvres, and a cash bar.

Your support and participation will benefit the Resurrection Lutheran School's PSO.
