*The school will provide these for the classrooms, but the students should have their own personal packs too.

**Students should give these to their homeroom teacher to be distributed in all classrooms.

***For students in Math 1 it is HIGHLY recommended that you purchase a TI-nspire CX (NOT CAS TI-nspire Calculator). This item is rather expensive, but will be used extensively in class and for homework. Your student will be able to use this calculator for any high school or college level math and science class they take. Please contact Mrs. Farmer if you have any questions or concerns about this purchase.
